

Thank you for your interest in DISH Network's Distant Network Service for your recreational vehicle or commercial vehicle. Our Distant Network Service gives you access to a package of select local broadcast channels from both New York and Los Angeles.

In order for DISH Network to provide you with Distant Network Service, you will need to submit the following documentation:

- Completed Recreational and Commercial Vehicle Declaration – Distant Network Service Authorization Request (available at dishnetwork.com)
- Photocopy of the current registration for the recreational or commercial vehicle for which you are requesting Distant Network Service
- Photocopy of commercial driver's license (if you are requesting access for a commercial vehicle)
- Completed Equipment Service Requirements form

Please be advised that federal law imposes these documentation requirements for you to qualify for this service. The declaration signed by you confirms that the satellite dish used to receive the Distant Network Service is permanently attached to your recreational or commercial vehicle. In addition, in order for you to enjoy Distant Network Service for your recreational or commercial vehicle, DISH Network requires that you establish a separate account.

Your separate account associated with your recreational or commercial vehicle will be set up under the DISH Network Pay-As-You-Go program. Therefore, during times when you will not need programming in your recreational or commercial vehicle, you may simply let the service lapse. And when you want the service to be reactivated, you may simply call DISH Network at [1-888-686-2388](tel:1-888-686-2388) to restart the service.

Pay-Per-View events are available to you in your recreational or commercial vehicle. However, since you will not be connected to a land-based phone line, you will not be able to order Pay-Per-View through the use of your remote control. To order Pay-Per-View, please either access the DISH Network website (dishnetwork.com) or call [1-888-686-2388](tel:1-888-686-2388).

If you meet the requirements and the above terms and conditions are acceptable to you, please complete and return the necessary paperwork to DISH Network by mail, fax, or e-mail (contact information below). Once DISH Network has received and reviewed the documents, the Distant Network Service will be activated on your separate account assigned to your recreational or commercial vehicle. DISH Network will notify you of the service activation via the email address provided on your Recreational and Commercial Vehicle Declaration. Please allow 10 to 14 days for DISH Network to create and/or verify your recreational or commercial vehicle account and activate your Distant Network Service. If you are not receiving the expected programming after 14 days, please first ensure that your equipment is properly connected and your antenna is pointed to the correct satellite location. If the Distant Network Service is still not viewable, please contact the DISH Network service center at [1-888-686-2388](tel:1-888-686-2388).

Thank you for your interest in DISH Network.

Recreational and Commercial Vehicle Declaration – Distant Network Service Authorization Request

Applicable law requires that you attach to this completed form a photocopy of: 1) the current State vehicle registration for the recreational vehicle or commercial vehicle for which you are requesting the Distant Network Service; and 2) for commercial vehicles, a current, valid commercial driver’s license.

I _____ am submitting this request to subscribe to Distant Network Service from DISH Network for use in the recreational or commercial vehicle described below:

Vehicle Registration # _____

Registration in the state of: _____ Registration renewal date: (MM/DD/YYYY) _____

Commercial Driver’s License # (if applicable) _____

License in the state of: _____ License renewal date: (MM/DD/YYYY) _____

My RV/commercial vehicle DISH Network account number: _____
(If you have not yet established a DISH Network account for your RV/commercial vehicle, this space may be left blank)

My email address: _____

I understand DISH Network will attempt to contact me via e-mail shortly before my current vehicle registration and/or commercial driver’s license expires. If I am unable to provide an email address, I understand that I will not receive any notification before my vehicle registration or commercial driver’s license expires. In all cases, I will take the responsibility upon myself to send updated registration and license information, and I understand that failing to do so will cause me to lose my Distant Network Service subscription.

I attest that the satellite receiver is located in, and the satellite dish is permanently attached to, the recreational or commercial vehicle described above. I further attest that neither the satellite receiver nor the satellite dish will be used to receive satellite programming at any fixed dwelling. I understand that the misuse of this equipment will result in termination of my Distant Network Service and could lead to legal action taken against me.

Signature _____ Date: _____

Name (please print): _____

Home Address: _____

Home City: _____ State: _____ Zip _____

Home Telephone # (_____) _____ Cell Phone # (_____) _____

Equipment Service Requirements

Please list all receivers that will be located in your recreational or commercial vehicle

If you do not already have your receiver and smart card identification numbers, this information can be found on the System Info screen. The System Info screen can be accessed by first connecting your receiver to a power source and then selecting either of the two options below:

- Press the SYSTEM INFO button on the front panel of the receiver or
- Press the POWER button on the front panel of the receiver to turn off the receiver, then press the CHANNEL UP button also on the front panel of your receiver

The Receiver ID begins with the letter “R” and the Smart Card ID begins with the letter “S”:

Receiver #: R _____

Smart Card #: S _____

Receiver #: R _____

Smart Card #: S _____

Receiver #: R _____

Smart Card #: S _____

Receiver #: R _____

Smart Card #: S _____

You must fax, e-mail, or mail this completed Equipment Service Requirements form, along with your signed Recreational and Commercial Vehicle Declaration, a copy of your current vehicle registration, and (if applicable) commercial driver’s license, to the address or number listed below. Failure to submit a completed Equipment Service Requirements form will result in rejection of your request for Distant Network Service.
